

Francophone Minority Program – 1st Closing Date

On July 5, the CMF approved the funding for 21 Francophone Minority Program applications, including 21 television components and 7 digital media components. Of the total, 2 of the television components were children's and youth projects, 14 were documentaries, 2 were dramas and 3 were variety projects. The digital media components approved for funding were all websites. Approximately \$7.0 million was committed to the television components and \$350 thousand to the digital media components for a total of \$7.35 million.

Of the 21 convergent applications, 9 were from New Brunswick and there was one New Brunswick/Quebec co-production, 7 were from Ontario, 3 were from Manitoba and 1 was from British Columbia.

These decisions and funding commitments are preliminary, as all requests must undergo a contracting process. Funding is not final until contracts are signed. An updated list will be published once contracting is complete.
